

## Steps to Getting Logged in:

1. **Start with Rapid Identity**- Go to the Rapid Identity Portal ( <https://portal.yesnet.yk.ca/> )and set your password
  - a. This can be done via the 'Guest Account' on school computers, or with a personal device
  - b. Follow the directions below **"New Sign-on with Rapid Identity for Students"**
2. **School Computers**- Once you have set your password in Rapid Identity, wait 5-10 minutes and you can log into your personal account on a school computer, using the same credentials as the Rapid Identity (username & password), by choosing "Other" at the log-in window on any school computer for more information: <https://kb.yesnet.yk.ca/personalized-accounts/>

## New sign-on with Rapid Identity for Students

To access your [personalized account](#) users must first use their default password as below to login to the [Rapid Identity Web Portal](#) and set their own password.

Your username is: [studentnumber@yesnet.yk.ca](#)

### Your password:

For users that have never signed into Rapid Identity Portal a default password is set for users as per the formula below:

Students "S" + [First initial lowercase] + [Birth year (yyyy)] + [Birth day (dd)] + [Last initial lowercase] + "!"

Example where birthdate is 08/31/1993: Sh199331j!

See link for more info or **to learn about student log-in:** <https://kb.yesnet.yk.ca/rapid-identity-login/>

## Guest accounts

- Are available at the Login Window on school computers.
- The Guest Account does not require a password to login.
- Files created during a Guest session will be deleted on logout. You will receive a notice indicating this before you logout.
